AMSTRAD SCREENS

United Planets challenges you to attempt the impossible. Battle the complex maze of silicon and steel that is XARQ in your hydraboat, Nik-Nik, armed to the teeth with lasers, guided missiles, depth charges and mortars.
An arcade extravaganza of flooded trenches, fighter planes, killer submarines and an exotic, alien silicon and steel fortress. XARQ leads you into a world where death lurks around every corner while you fight your way through the Zimmerman Trenches towards the deadly Power Reactor.

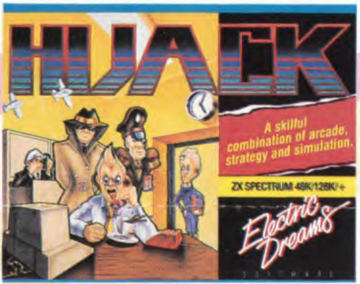

UQD 610

FLAPJACK

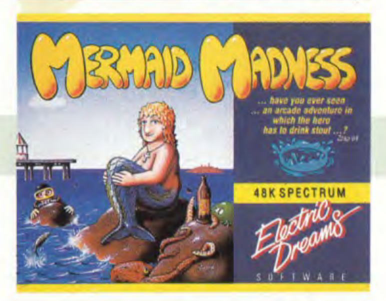

SPINDIZZY

A remarkable arcade game of skill and strategy in which you have to map out a strange artificial world in space. Manoeuvre a craft, 'GERALD', through a 3D multi-screen maze of fantastic pyramids, surreal blocks and convoluted pathways collecting the glittering Power Jewels. Features over 400 screens.
A 'C & VG HIT!', Amtix 'Accolade', Amstrad Action 'Mastergame'.
Amstrad User '... Simply brilliant ...'.
Available now on Amstrad CPC cassette and disk, Sinclair ZX Spectrum 48K/128K/+ cassette and Commodore 64/128 cassette and disk.

HIJACK

A new concept in games, HIJACK is a skilful combination of arcade, strategy and simulation. The game sets you up in charge of a Pentagon department, the Hijack Division, dedicated to stamping out terrorism by peaceful means. Hijack is played using live action and complex windowing techniques as you fight a desperate struggle against bureaucracy to end a hijacking before all hell is let loose.
A Sinclair User 'Classic'.
Will be available for Amstrad CPC and Commodore 64/128 home computers. Available for ZX Spectrum 48K/128K/+ cassette.

MERMAID MADNESS

In this arcade comedy a mild-mannered diver, Gormless Gordon, is set upon by buxom bulging Myrtle, the Mermaid with a face that sank a thousand ships. Thrill to the music, quake at the terrors of the deep, boldly go where no man has gone before, and discover hidden wonders that will make your knees quake and have you reaching for your scuba gear.
A 'C & VG HIT!'
Available now on Amstrad cassette and disk, ZX Spectrum 48K/128K/+ cassette and Commodore 64/128 cassette and disk.

RMS TITANIC

A thrilling simulation of the exploration of the Titanic in which you play the owner of the Titanic Salvage Company. To aid you in your mission you have the most advanced deepwater craft in existence, the TSI, incorporating sonar, special auto-focus-deepwater-colour camera, robot arm, video relay and a sonic centralization device. Explore over 240 rooms as they actually existed aboard the Titanic and discover her fabled treasure!
A 'C & VG HIT!'. '... a stunner ...' Popular Computing Weekly..
Will be available for Amstrad CPC and Spectrum 48K/128K/+ home computers. Available now on Commodore 64/128 cassette and disk.
